

# UK Sea Fisheries Statistics 2007

## User Satisfaction Survey

This year's annual publication has been redesigned. We have moved away from a reference volume to produce a more informative publication with greater use of charts and maps. Some of the more detailed tables which appeared in previous years' publications are no longer included but can still be found on the publications's website [www.mfa.gov.uk/statistics/ukseafish.htm](http://www.mfa.gov.uk/statistics/ukseafish.htm).

We would welcome your views on the new publication to see if further changes are needed next year. We'd therefore be grateful if you could complete as much of the following survey as possible and **return to James Williscroft, Area 6E, 3-8 Whitehall Place, London, SW1A 2HH**

Please contact either Craig Irwin (020 7270 8089) or Craig Barratt (020 7270 8147) if you have any queries regarding this questionnaire.
